

The background of the image shows a cityscape at sunset. In the foreground, a bridge with several arches spans across a body of water. The bridge is silhouetted against the bright, golden light of the setting sun. Behind the bridge, there are several buildings, including two prominent towers with spires and a tall, modern skyscraper. The sky is a mix of orange and yellow, indicating the time is either sunrise or sunset. The overall scene is a classic view of Berlin, likely from the Spree river area.

Workshop: AI Startup CTO

Torben Schwellnus
Entrepreneur

David Dunnett
CTO, H.E.A.T.

Jan-Philipp Jägers
CTO, Schwarm

Cutting through the noise and hype: what is the actual state of AI in cleantech startups and in VCs? Who is using it and who is benefiting? How much is AI part of the products we're building today? What is keeping us from using AI more effectively, how does it help us become more efficient and what does that mean for funding? Together, we will calibrate our understanding with real-life examples, real-life advice and build connections that will last also outside of the workshop - Chatham House rules.
