ECOSUMMIT Manifesto

Our mission is maximising our impact until 2030.

We accelerate smart green startups to save our climate and planet. We automate sustainability in every industry.

We optimise our economy by being smart and green.

We support startups making software and hardware. We market products as a service to consumers and companies.

We enable startups to get better and grow faster.

We connect startups to investors, talent and customers.

Let's co-invest and build big startups with big impact.
